

1 Program Overview

Everstorm Outfitters operates four distinct partner and referral programs designed to reward loyalty, support working professionals, and advance outdoor access for organizations that share our values. These programs — Customer Referral, Athlete Ambassador, Nonprofit and Guide Service Partner, and Educational Institution Partner — connect directly to existing Everstorm benefits including Summit Rewards loyalty tiers, Summit Protect gear protection, the Gear Recycle Program, and available student and military discounts. Whether you are an individual customer sharing Everstorm with friends or an organization equipping an entire team, there is a program structure built for your needs.

2 Customer Referral Program

The Customer Referral Program runs through Summit Rewards and requires no separate enrollment. Every active Summit Rewards member receives a unique referral link found at everstorm.example/account/referrals. When a referred friend completes their first order of any amount, the referring customer earns 200 points deposited automatically within 5 business days. The new customer receives 10% off their first order at checkout. Members who have reached Everest tier status (2,000 or more points) earn 300 points per successful referral instead of the standard 200. There is no cap on the number of referrals a member may submit. Points do not expire as long as the account remains active with at least one purchase every 18 months.

3 Athlete Ambassador Program

The Athlete Ambassador Program is open to active outdoor athletes who demonstrate consistent engagement with their sport and community. Applications are accepted year-round at everstorm.example/ambassador. Applicants must meet at least one of the following criteria: a public social media following of 1,000 or more followers on any single platform, or verified membership in a recognized local outdoor club or competitive team.

Approved ambassadors receive the following benefits:

- 40% discount on all gear purchases at everstorm.example
- \$500 annual gear credit, issued each January 1
- Early access to new product lines before public release
- Co-branded content opportunities including sponsored trip features and gear reviews

All ambassadors are automatically enrolled at Everest tier within Summit Rewards and receive full Everest-level benefits including free Summit Protect coverage on all gear orders.

4 Nonprofit and Guide Service Partner Program

Registered nonprofits and licensed guide services qualify for Everstorm's B2B corporate pricing structure, which provides a volume discount of 10 to 25 percent depending on annual order volume. In addition to B2B pricing, qualifying organizations receive the following:

- Free Summit Protect coverage on all Technical Gear category orders totaling \$500 or more
- Enhanced Gear Recycle Program credit of \$20 per eligible item returned, compared to the standard \$10 per item available to individual customers
- Everest tier Summit Rewards status granted to the primary account holder for the duration of the partnership

Applications are submitted at b2b.everstorm.example/nonprofit and require proof of nonprofit status or a valid guide service license. Approval decisions are issued within 7 business days.

5 Educational Institution Partner Program

Everstorm partners with schools, universities, and accredited outdoor education programs to support hands-on learning in the field. Qualifying institutions access B2B pricing on all orders placed through a verified institutional account. Students enrolled in a partnered accredited program receive the same 15% student discount offered to ID.me verified students shopping individually, without requiring a separate ID.me verification step.

Lead instructors and program directors hold Everest tier Summit Rewards status for the full duration of the active partnership. Programs that meet minimum annual purchase thresholds receive a \$1,000 annual gear grant in the form of account credit, issued each July 1. To explore institutional partnership, contact the partner team at the information listed in section 8.

6 Sustainability Partner Network

Organizations leading trail maintenance, habitat conservation, or public lands access initiatives are invited to join the Everstorm Sustainability Partner Network. Partners in this network participate in co-branded sustainability campaigns and receive co-marketing support for qualifying events and projects. For every order placed through a Sustainability Partner account, Everstorm donates 5% of the order revenue to the Challenged Athletes Foundation or to a trail or conservation organization of the partner's choosing, verified annually. Connect with the sustainability team directly at sustainability@everstorm.example to discuss eligibility and campaign opportunities.

7 How Programs Interact

The table below summarizes how each program status affects Summit Rewards tier, pricing, Summit Protect access, and Gear Recycle credit.

Program	Summit Rewards Tier	B2B Discount	Summit Protect	Gear Recycle Bonus
Standard Customer	Earned normally	No	Standard price	\$10/item

Everest Tier Member	Everest (2,000+ pts)	No	20% off	\$10/item
Nonprofit Partner	Everest tier granted	Yes (10–25%)	Free on Tech Gear >\$500	\$20/item
Athlete Ambassador	Everest tier granted	40% discount	Free on all gear	\$20/item
Educational Partner	Everest tier (instructors)	Yes (B2B rates)	Standard price	\$10/item
