

1 What Is Summit Protect

Summit Protect is an optional extended warranty program offered by Everstorm Outfitters. While all products sold through everstorm.example include a standard 12-month manufacturer's warranty, Summit Protect extends that coverage period to a full 3 years from the original date of purchase. In addition to the extended duration, Summit Protect adds accidental damage coverage not included in the standard warranty, giving you greater peace of mind on the trail, on the mountain, and everywhere in between.

2 Program Cost

Summit Protect pricing is based on the product category at the time of purchase. The one-time fee covers the full 3-year coverage term.

Product Category	Summit Protect Price
Footwear	\$12
Apparel (jackets, pants, base layers)	\$8
Technical Gear (packs, tents, sleeping bags)	\$20
Electronics (headlamps, GPS devices)	\$25

3 What Is Covered

Summit Protect covers a wide range of defects and accidental damage events, including:

- Manufacturing defects in materials or workmanship
- Accidental tears and seam failure from field use
- Zipper failure, including broken pulls and stuck or separated tracks
- Sole delamination on footwear
- Buckle and clasp breakage under normal load conditions
- Strap detachment at anchor or stitching points

4 What Is NOT Covered

Certain conditions and damage types fall outside the scope of Summit Protect, including:

- Intentional damage of any kind
- Normal wear and tear, including fabric fading from sun or washing
- Lost or stolen items
- Cosmetic scratches, scuffs, or marks that do not affect the function of the product

- Damage resulting from improper care, including washing, drying, or storage that contradicts the product's care label instructions

5 How to File a Claim

To begin a Summit Protect claim, visit everstorm.example/warranty-claim and log in to your Everstorm account. You will be asked to submit 3 photographs clearly showing the defect or damage from different angles. Once your submission is received, our warranty team will complete an assessment within 5 to 7 business days. You will be contacted at the email address on your account with the outcome and any next steps required.

6 Claim Resolution

Everstorm Outfitters resolves approved Summit Protect claims using the following priority order:

- Repair: We will first attempt to repair the item at no cost to you.
- Replacement: If repair is not feasible, we will provide the same item or a confirmed equivalent replacement.
- Store Credit: If neither repair nor replacement is available, we will issue store credit equal to the original purchase price of the item.

Resolution type is determined solely by Everstorm Outfitters based on product availability and the nature of the damage.

7 How to Purchase

Summit Protect can be added to an eligible item at checkout on everstorm.example. If you did not add it during checkout, you may still enroll within 30 days of your original purchase date by visiting your account portal at everstorm.example/account and selecting the relevant order. Summit Protect cannot be added after the 30-day enrollment window has closed.

8 Transferability

Summit Protect coverage may be transferred to a new owner if the covered item is given as a gift. To complete a transfer, the original purchaser or new recipient must send the order number, item description, and new owner's name and email address to warranty@everstorm.example. Coverage does not transfer if the item is sold. Any attempt to transfer coverage on a sold item will result in the warranty being voided.

9 Contact

For questions about Summit Protect enrollment, coverage, or claim status, reach our warranty team through any of the following:

- warranty@everstorm.example
- +1 (406) 555-0205, available Monday through Friday, 8:00 a.m. to 5:00 p.m. Mountain Time
