

1 Overview

Summit Rewards is Everstorm Outfitters' loyalty program, designed to recognize and reward customers who return to gear up for every adventure. The program is structured around three tiers, each unlocking progressively greater benefits across shipping, returns, warranty coverage, and promotions.

- Base Camp: 0–499 points — entry-level tier for all new members
- Summit: 500–1,999 points — mid-tier for returning customers with consistent purchase history
- Everest: 2,000 or more points — top tier for our most dedicated adventurers

This guide summarizes every benefit available at each tier so members can understand exactly what they have access to and what they stand to gain by advancing.

6 Points Earning Bonuses by Tier

The base earning rate and tier bonuses work as follows:

- Base Camp: \$1 spent = 1 point
- Summit: \$1 spent = 1.1 points
- Everest: \$1 spent = 1.15 points

All three tiers earn bonus points through the following actions, regardless of tier status:

- 50 points for each verified product review submitted at everstorm.example/reviews
- 200 points for each successful referral (friend must complete a first purchase)

Points post to a member's account within 48 hours of order shipment confirmation. Referral points post within 72 hours of the referred customer's first completed order.

7 How to Check Your Tier

Members can view their current tier, total points balance, and progress toward the next tier at any time by visiting everstorm.example/account/rewards. The dashboard displays a progress bar showing exactly how many points remain before reaching the next tier level. Tier status is recalculated on a rolling 12-month basis, using points earned within the past 365 days to determine current standing.
